Illkirch, FR and Scottsdale, AZ, USA - December 23rd, 2013

—

EOSkates and Nistevo Sport Manufacturing Corp announced today they have forged a strategic partnership for distribution and representation of roller sport goods. Nistevo and EOSkates intend to jointly market leading inline products designed to offer consumers, dealers and distributors unrivaled choice and opportunity.

EOSkates will promote Nistevo products worldwide and distribute them in France and Switzerland and Germany with exclusive distribution in France starting 1st of January 2014.

Nistevo will be the main equipment sponsor of the EOSkates World Team 2014 for wheels and boots.

"We are looking forward to working hand in hand with Nistevo. Our companies share a common innovative approach in product development and the creativity that we found in Nistevo's product engineering is very promising. We have been testing many products of the major brands and are convinced that Nistevo's wheels and boots will best match the expectations of our customers." – **Frederic Ostrowsky, EOSkates General Manager**

"We are happy to welcome Nistevo onboard as the premium material partner of our World Team. Competition on the highest level is a very challenging and rewarding experience. At EOSkates we thrive for excellence in both business and sport and so does Nistevo with a very high standard in their product line." – **Daniel Busser, EOSkates Sales & Team Manager**

"We are excited for this partnership and look forward to work closely with EOSkates. I believe there will be a lot of supporters and dealers who will want to join." – **Doug Glass , Nistevo Vice President**
